

# ALTERNATING PRESSURE SUPPORT SURFACE

The Masonair™ AS•5000 offers an extraordinary therapeutic surface for the prevention and treatment of pressure sores. The powerful, yet quiet air pump provides sophisticated, user-friendly operation. The AS•5000 incorporates a system of 20 individual bladders. The pump offers an 8 minute cycle time; adjustable comfort settings allow pressure to be customized by patients weight. The “static” feature offers constant low pressure support and an internal pressure control sensor that continually monitors surface pressure for optimal pressure relief.

## BENEFITS AND FEATURES

### FOR THE HOME CARE AND LONG TERM MARKETS

#### MATTRESS & COVER

- Removable, non-shear, anti-microbial fully enclosed cover encapsulates the entire 20 bladder mattress.
- CPR feature allows for rapid deflation of mattress system.
- Overall dimensions: 35" x 79" x 8"
- Weight: 12.4 lbs.
- Alternating cell depth: 8"

#### POWERLOFT PRO™ APM500 PUMP

- High flow pump with 4-6 liters per minute.
- Adjustable comfort settings allows pressure to be customized by patients weight.
- Soft/Firm Dial to obtain custom patient comfort pressure levels.
- Low pressure Alarm LED, an audio visual alarm indicating when the mattress pressure is very low (when mattress hose is disconnected or when pump stops working).
- Static function to enable cells from alternating.
- Hospital grade UL/CSA approved power cord.
- Low pressure Alarm mute function.
- Weight Capacity : 350lb
- Voltage Range : 110-120/220-240 VAC
- Frequency Range : 50/60 Hz
- Dimension : 12" x 7.5" x 4"
- Weight : 6.2 lbs
- 12 Month Warranty
